

National Square Dancing Society of Australia Inc

Merchandising Officers Report 2020

Barbara Treharne

Once again, very little to report as nothing significant has changed last year.

There were 700 2020 NSW Year Bars ordered, however as we now all know, this Convention had to be cancelled

So what does one do with 700 2020 Year Bars?

There was some suggestion that they be sent to registered dancers as a memento.

While a good idea on the face of it. I am sure the dancers will not need reminding about the 61st or 2020 National Convention.

Doing this would also undermine the previous 60 years of history, where the year Bar was an indication that you did actually attend that Convention.

My suggestion is we take the loss (*as many others have*) and dispose of them.

On a much brighter note, At Deloraine, we had the largest sales for many years and sold \$818.50 worth of badges.

I would like to remind all that we also have the ability to sell them online from the Society Website

.
